

Admission Policy E.S.A.I.V. Serpentine

Before you send your application to become a Serpentine member we would like to invite you to come and experience Serpentine by visiting at least 3 Serpentine Team Evenings or Coding Sessions. This allows both prospective members and the current members of Serpentine to see if a prospective member fits the association and vice versa. After these 3 Serpentine Events you can send a membership-application via email to: idesperatelywanttobecomeamemberofteamserpentine@serpentineai.nl. Your application will be processed at the next board meeting and you will be notified of the decision as soon as possible via email.

If your application is honored we will send you the information needed to fulfill your application such as personal- and payment-information. Once you paid the one time admission fee (currently 15 euros) and the contribution (currently 0 euro), you will become an official E.S.A.I.V. Serpentine Member and therefore will receive:

- A voucher for a Serpentine shirt, with which you can claim a Serpentine shirt on the next batch-order of shirts (of which you will be notified).
- Access to the Serpentine Slack.
- Access to our internal education resources.
- Allowed to participate in competitions by joining a competition team or setting up a competition team in compliance with the Serpentine guidelines.
- Participation rights to all our internal (social) events.
- Voting rights in the General Members Meeting and Special Members Meeting.
- All other associated benefits and of course a fun group of people to hang out and learn with.

Legally, we have to ensure all our members to be aware of and comply to the Bylaws, Status and Privacy policy, which will be made available to you once the membership application is completed, or can be requested at the board. If your application is not honored we will send you a rationale of why the board has declined your application and the information needed to dispute the decision at the next possible GMM.
